

# ATHABASCA COUNTY

## EMPLOYMENT OPPORTUNITY

### Assistant Director of Infrastructure Services

Athabasca County is currently accepting applications for an Assistant Director of Infrastructure Services. In accordance with Athabasca County's succession plan, it is anticipated that the Assistant Director will transition into the role of the Director by the year 2016.

Reporting to the Director of Infrastructure Services, the Assistant Director will be responsible for assisting in the management and administration of the Infrastructure Services Department which includes strategic planning and the administration of all capital projects and operations approved by Council. These include roadway maintenance and construction operations, shop and equipment services and utilities.

The ideal candidate will have a minimum of 5 years of managerial / supervisory experience as well as knowledge in construction and maintenance of roads and utilities in a municipal setting, ideally in a rural municipality. Knowledge of or background in Civil Engineering is an asset. Excellent organization and time management skills, knowledge of Microsoft Office and knowledge of Worktech Asset Management program would be desirable. Must hold a valid Class 5 driver's license.

You will find a detailed job description on the Athabasca County website under Career Opportunities at [www.athabascacounty.com](http://www.athabascacounty.com) or please contact Mandy Moscaluk (780) 675-2273 at the County Administration Office for further information.

The current salary range for this position is \$87,920 - \$114,751. Athabasca County offers an attractive benefit package and contributes to the Local Authorities Pension Plan.

The deadline to apply for this position is **Monday, July 6, 2015**. Interested candidates are invited to submit their resume to:
