

Transportation Engineer

Engineering Services

The City of Red Deer is always on the hunt for talented and success driven people. We are always seeking creative and skilled individuals with the ability and desire to lead in our dynamic workplace.

OPPORTUNITY

We are currently recruiting the right person to fill the position of **Transportation Engineer** in our Engineering Department. This is a management position responsible for planning, preliminary design, detailed design, budgeting, scheduling, tendering, construction, and maintenance of transportation projects; including roads, bridges, annual capital sidewalk program and local improvements. Also responsible for the city's transportation network planning, annual road off-site levy rates and the creation and maintenance of transportation design standards. Duties include the preparation and control of major capital and operating budgets, supervision of subordinate technical staff, and hiring and directing consultants, contractors, and City Work Forces involved in projects.

As our preferred candidate you will have:

- University Graduate with a Bachelor of Science Degree in Civil Engineering.
- Registered Member as a Professional Engineer in the Association of Professional Engineers, Geologists, and Geophysicists of Alberta (APEGA).
- Five years directly related experience in transportation engineering and project management, with progressively more responsible duties and supervision of others.
- Thorough knowledge of the principles and practices of Civil Engineering design.
- Thorough knowledge of current design practices and construction methods related to transportation works including roads, bridges, and subdivision development.
- Knowledge of surveying and computer drafting principles.
- Ability to communicate effectively, both oral and written, through clear, concise technical reports and presentations.
- May be called upon to assume duties of Engineering Services Manager.

What we offer:

In addition to the very competitive salary of \$100,692 to \$125,866 and an excellent benefit package, we offer a great work environment with a dynamic and dedicated team of likeminded professionals.
