

## General Manager, Infrastructure Services

Sturgeon County ([www.sturgeoncounty.ca](http://www.sturgeoncounty.ca)) is a vibrant municipality that offers a great deal in the residential, agricultural and industrial sector. Located just north of the Cities of St Albert, Fort Saskatchewan, and Edmonton, Sturgeon County appeals to investors that require access to infrastructure and global markets in a low-cost location, within a regulatory environment that is adaptive, transparent, and straightforward.

Sturgeon County is an economically diverse and entrepreneurial county that shows leadership in economic development and environmental stewardship, and it is recognized for its large and diverse agricultural sector, while seeing extensive growth in areas such as advanced manufacturing, petrochemicals, transportation, and logistics.

The General Manager, Infrastructure Services is a key member of the County's executive team, and a trusted leader within the organization and community. This position is responsible to serve as the executive manager and strategic leader of the Infrastructure Services Division, focused primarily on the delivery of most operational aspects of the County. The portfolio includes oversight of: Transportation and Engineering Services, Utility and Waste Management Services, Fleet and Facility Services, and Agriculture Services. The department has a combined budget of approximately \$60M.

The successful candidate will possess the following:

- A post-secondary bachelor's degree in Civil Engineering, or a related discipline, coupled with management and leadership training.
- A minimum of ten (10) years of progressive management and leadership experience at a senior level, including corporate budgeting and business planning, external partnership development, and stakeholder engagement.

The following are considered assets or preferences:

- Professional engineering designation with APEGA.
- Enrollment or completion of the National Advanced Certificate in Local Authority Administration (NACLAA) Program.
- Membership in the Society of Local Government Managers.
- Experience with the management of a municipality, particularly in a rural context.
- Knowledge, awareness, and understanding of Indigenous culture relations and issues, communities, and protocols.

We are seeking an individual who will fit with the existing team, and who brings the right blend of experience and personality to this key role within the County. A competitive and attractive overall total compensation package will be offered to the successful candidate. If you feel like this could be you, please reach out to us for further information at:
