

Fleet Complete

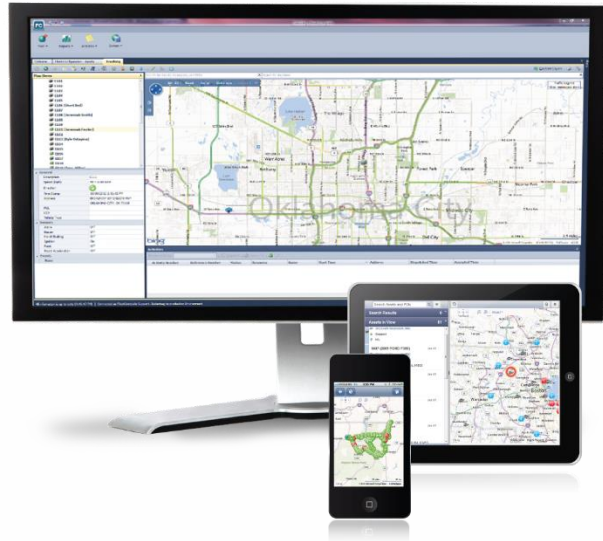

PRODUCT OVERVIEW

AMSA 2016 EDMONTON

About Fleet Complete

- Founded in 1998, Fleet Complete is a leading global provider of mission critical fleet, asset and mobile workforce solutions
- Fleet Complete has provided dispatching, fleet tracking and mobile resource solutions to over 7,000 companies worldwide
- Current operations in Canada, United States, Netherlands, Australia and Puerto Rico.
- Currently monitoring nearly 200,000 assets globally
- Many municipal clients in ALBERTA – some will be in this room

Fleet Complete Platform

All 3 Fleet Complete solutions can be tracked and managed from:

- .NET PC App
- Browser + Mobile Browser (HTML5) App
- iPad App

 **FleetTracker**
Vehicle Tracking

 **AssetTracker**
Tracking of Expensive Assets,
Equipment etc.

 **DVIR (Driver Vehicle
Inspection Report)**
Mobile Compliance

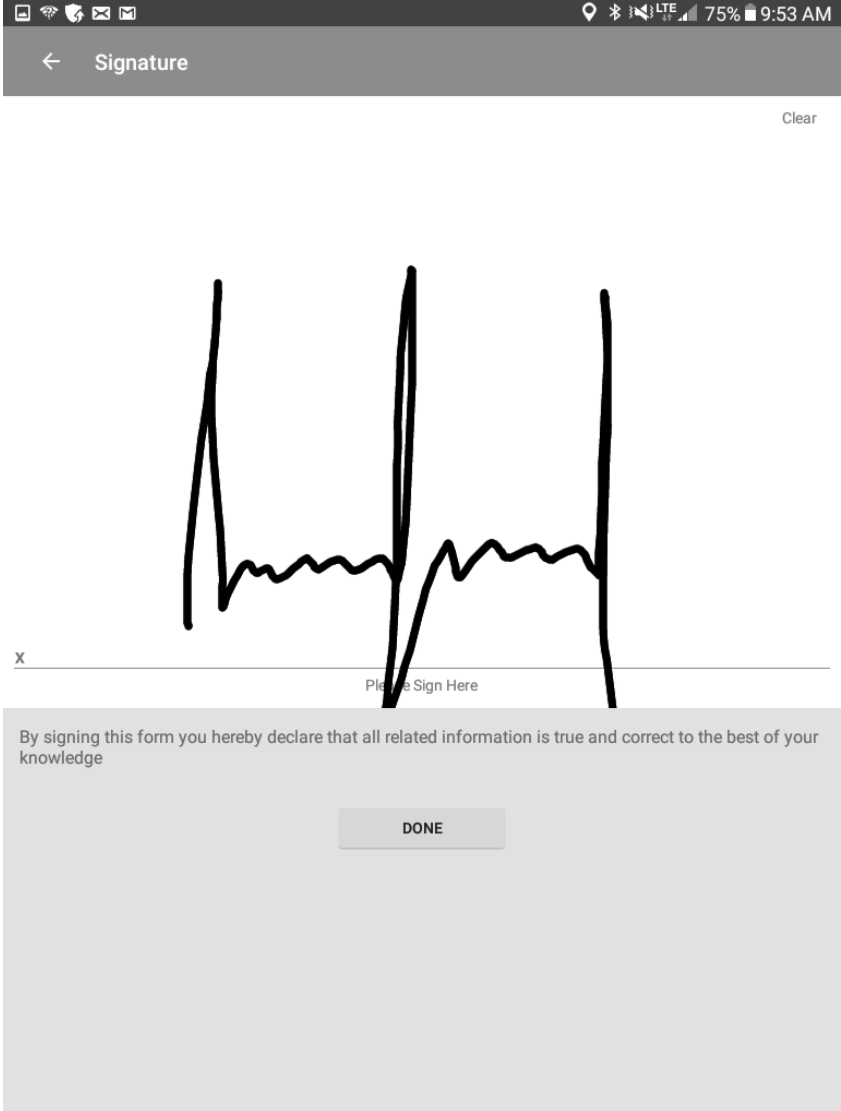

DVIR Application

- Eliminate paper inspections – increase visibility, compliance
- Use iOS or ANDROID SIM enabled smartphone or tablet for in field inspections
- Completing inspection matches driver to asset
- Device GPS indicates location and time stamp (no typing)
- Notification rule for moving vehicle with no inspection completed
- Indicated DEFECTS - generate email

The screenshot shows the 'Vehicle Inspection' screen of the DVIR application. At the top, the status bar displays various icons and the time 9:51 AM. The app header is 'Vehicle Inspection' with a back arrow. Below the header, there are three input fields: 'Enter Location (required)' with 'Edmonton' entered, 'Inspection Type' with 'PreTrip' selected, and 'Units to Inspect'. The 'Units to Inspect' section shows a list of vehicles, with 'Mazda CX5 MGS700' selected. Below this, it shows '2015 Mazda CX-5'. To the right of the vehicle name, there are two circular counters: 'Minor' with a value of 0 and 'Major' with a value of 0. At the bottom of the screen, there is a button labeled 'SIGN INSPECTION REPORT'.

DVIR Application

- System “remembers” defect on asset until cleared
- Maintenance manages defects on web portal – clear defects and sign off when complete
- Office can view inspections from field with 60 second delay
- All inspections from field stored in Fleet Complete for 1 year for review / auditing

The screenshot shows a mobile application interface for a signature. At the top, a status bar displays various icons and the time 9:53 AM. Below this is a header bar with a back arrow and the word "Signature". A "Clear" link is visible in the top right corner. The main area contains a large, stylized black signature. Below the signature, there is a horizontal line with an "x" on the left and the text "Please Sign Here" on the right. Underneath this line, a grey box contains the text: "By signing this form you hereby declare that all related information is true and correct to the best of your knowledge". At the bottom of this box is a "DONE" button.

DVIR Application

- Office can produce digital and printed version of the inspection report
- Full reporting capability – query DVIR for all drivers / assets or individually
- Customizations of Schedule 1 inspection are possible
- Compliant with all existing and future federal and provincial DOT regulations
